Achillea	Gypsy	White	Goldsmith Seeds		3.5	3.2	3.3	3.5	3.4	18	57	46	32	36	15-June: very delicate look, has potential; 30-June: 15-July: lots of buds; 30-July: 15-Aug: going strong, some bolting, cute flowers; 30-Aug: needs dead-heading, looks like had second flowering.
Agastache	Color Spires	Orchid	Proven Winners		3.7	3.6	3.2	3.8	3.6	9	17	61	10	14	15-June: has potential, unique, very nice colors; 30-June: not sure how to incorporate into garden, lots of purple, foliage is hidden, not enough green, purple, bees love it; 15-July: one dying; 30-Jul: tall, bees love it, some leaves have bleached tips; 15-Aug: bees love it, still looks great; 30-Aug: .
Agastache	Color Spires	Steel Blue	Proven Winners		3.6	3.4	3.5	3.7	3.5	14	40	20	17	17	15-June: nice, unique; 30-June: bees love it, nice growth habit; 15-July: 30-Jul: bees love it, plum flowers turn dark brown in sun, bees love it; 15-Aug: bees love it, looks great even w/half it's flowers dropped; 30-Aug: dead flowers add nice texture to garden, some leaf discoloration.
Anagallis	Angie	Blue	S&G		3.3	2.5	2.9	2.8	2.8	63	114	129	124	117	15-June: 30-June: 15-July: amazing colors, 30-July: 15-Aug: done flowering; 30-Aug: dense bushy growth at stem apex, odd growth habit.
Anagallis	Wildcat	Pink	Proven Winners		2.5	1.9	2.2	2.3	2.2	157	159	158	160	162	15-June: leggy, dry; 30-June: leggy mess, seems dried out by full sun; 15-July: leggy, dull color, some die back; 30-Jul: leggy; 15-Aug: leggy, done flowering, drying foliage; 30-Aug: leggy and gross, strange growth habit.
Angelonia	AngelMist	Plum	BFP		3.0	2.4	2.9	2.8	2.8	122	119	124	128	127	15-June: tiny plants, not rooted at shipment, dying, plants very small; 30-June: tiny plants, few flowers, small; 15-July: diminutive, not alluring, doesn't stand out, gets lost; 30-Jul: small flowers, crowded, nice color; 15-Aug: crowded, almost done flowering, slow grower; 30-Aug: .
Angelonia	Serena	White	Pan Am		3.3	2.5	3.4	3.2	3.1	43	115	42	64	74	15-June: 30-June: 15-July: very small plants; 15-July: tiny plant and flowers; 30-Jul: small flowers, crowded; 15-Aug: too crowded, slow grower; 30-Aug: needs dead-heading.
Argyranthemum	Courtyard	Buttercream	Proven Winners		3.0	2.8	2.9	3.0	2.9	115	90	109	97	102	15-June: 30-June: beautiful flowers, few dead flowers; 15-July: mounding, great flower structure, some brown/dead flowers, needs dead-heading; 30-Jul: needs dead-heading; 15-Aug: browning flowers, yellowing foliage, needs dead-heading; 30-Aug: .
Argyranthemum	Molimba	Helio Double Pink	Proven Winners		3.2	2.4	3.1	2.9	2.9	85	121	82	111	112	15-June: dead flowers brown; 30-June: colors white to pale pink, dead flowers detract, some dead flowers, not hidden as well as 'Mini White', needs dead-heading; 15-July: flowers range from white to pink, pink is very pale, more white; 30-Jul: needs dead-heading; 15-Aug: needs dead-heading, almost done flowering, yellowing leaves; 30-Aug: .
Argyranthemum	Molimba	Mini Double White	Proven Winners		3.4	2.6	3.1	3.0	3.0	41	106	72	91	85	15-June: great now, has potential for future; 30-June: spent blooms look poor, some dead flowers, not hidden as well as 'Mini White', needs dead-heading; 15-July: would be nice in a bride's hair band, needs dead-heading; 30-Jul: needs dead-heading; 15-Aug: needs dead-heading; 30-Aug: needs dead-heading.
Argyranthemum	Molimba	Mini Frizzle Pink	Proven Winners		3.0	2.0	3.0	2.6	2.7	109	150	106	144	140	15-June: pink flowers brown in sun, very cute, compact growth habit; 30-June: spent blooms detract, needs dead-heading; 15-July: few flowers, mounding, some browning flowers, needs dead-heading, flower color very pale really white; 30-Jul: needs dead-heading; 15-Aug: yellowing leaves, done flowering, needs dead-heading 30-Aug: .
Argyranthemum	Molimba	Mini White	Proven Winners		2.5	2.0	2.3	2.2	2.3	158	151	157	161	160	15-June: very compact; 30-June: unspectacular, few dead flowers but hidden; 15-July: few flowers; 30-Jul: two plants browning out, one dead plant, needs dead-heading, major dieback; 15-Aug: no flowers, chlorotic, dying, three dead plants, bleached leaves, looks horrible, major dieback; 30-Aug: totally dead.
Argyranthemum	Molimba	Mini Yellow	Proven Winners		2.8	2.4	2.5	2.5	2.6	140	128	150	147	146	15-June: yellow leaves at base & dead flowers, has potential, will need dead-heading; 30-June: spent blooms detract, some dead flowers, not self-cleaning, not very good, needs dead-heading; 15-July: needs dead-heading; 30-Jul: needs dead-heading; 15-Aug: yellowing foliage, browning flowers, needs dead-heading; 30-Aug: scorched, looks dead.
Argyranthemum	Sassy	White	Goldsmith Seeds		3.3	2.6	2.9	3.0	2.9	52	109	115	99	101	15-June: nice perky flowers; 30-June: mounding habit; 15-July: 30-Jul: needs serious dead-heading; 15-Aug: all done flowering; 30-Aug: .
Argyranthemum		Shore Pastel Yellow	S&G		3.4	2.3	3.2	2.9	2.9	24	134	68	107	100	15-June: 30-June: better if higher flower to foliage ratio; 15-July: bushy; 30-July: 15-Aug: done flowering dead flowers detract from foliage, needs dead-heading; 30-Aug: yellow foliage.
Bacopa	Calypso	White	Goldsmith Seeds		3.4	2.8	3.8	3.7	3.4	34	94	9	15	32	15-June: 30-June: creeping habit; 15-July: bees love it; 30-Jul: only flowering at edges, flowering inconsistent within grouping, excellent, self-cleaning; 15-Aug: no blooms, blends in too well with grass/clover, amazing foliage groundcover, could have more flowers; 30-Aug: nice late show, great except for clover taking over.
Begonia	BabyWing	White	Pan Am		3.3	2.5	3.2	2.9	3.0	55	113	62	110	99	15-June: needs water; 30-June: needs lots of space, leaf damage- holes, Japanese beetle damage to leaves; 15-July: some insect damage to leaves; 30-Jul: crowded, poor flowers; 15-Aug: crowded but good, flowers don't look good; 30-Aug: red stems nice, really taking off, good for late season.
Browallia	Endless	Illumination	Proven Winners		3.5	3.2	3.4	3.4	3.3	22	56	41	44	42	15-June: looks wilted; 30-June: dull color, faded; 15-July: mounding, very nice shape and flowers, one dying; 30-Jul: flowers faded; 15-Aug: covered w/flowers, still looks great; 30-Aug: .
Browallia	Endless	Sensation	Proven Winners		2.9	2.4	2.6	2.6	2.6	132	127	145	143	144	15-June: not looking so hot, dry; 30-June: pale color- unattractive, bleached flowers, faded, old flowers look dull; 15-July: lacking flowers, striped flowers, sun bleached, looks chlorotic or sun-bleached; 30-Jul: flowers faded, not impressive, washed out; 15-Aug: almost done flowering; 30-Aug: leaves look chlorotic

Calibrachoa	Callie	Bright Red	Goldsmith Seeds		3.4	3.4	3.5	3.5	3.5		27	36	22	30	24	15-June: 30-June: tall; 15-July: perfection, amazing flower; 30-Jul: taller; 15-Aug: hedge, very even; 30-Aug: still great, tall.
Calibrachoa	Callie	Coral Pink	Goldsmith Seeds		3.4	3.6	3.5	3.6	3.5		40	21	19	20	18	15-June: yellow throat makes coral color pop, great flower color; 30-June: yellow throat, carpeting, low growing; 15-July: nice yellow throat, very nice flower; 30-Jul: yellow throat pops, low growing; 15-Aug: low growing, nice yellow throat; 30-Aug: .
Calibrachoa	Callie	Dark Blue	Goldsmith Seeds		3.3	3.5	3.5	3.4	3.4		46	28	29	41	31	15-June: 30-June: slow to fill in gaps; 15-July: 30-Jul: dense mat, very nice; 15-Aug: very even, still looks nice; 30-Aug: nice late show, still looks excellent.
Calibrachoa	Callie	Gold W/Red Eye	Goldsmith Seeds		2.3	2.5	2.6	2.4	2.5		161	118	149	156	153	15-June: has potential, flower color inconsistent; 30-June: some plants w/ gold flowers, others w/ off-white mixed shades of yellow, gold washed out to white, flower color varies with plant; 15-July: bloom colors inconsistent, imperfections in flower color, sun bleached to white; 30-Jul: blah colors, color inconsistent; not same color; 15-Aug: lacks contrast, not gold; 30-Aug: .
Calibrachoa	Callie	Rose '06	Goldsmith Seeds		3.4	3.8	3.5	3.7	3.6		30	11	28	16	13	15-June: has potential; 30-June: low growing, yellow throat, nice flowers; 15-July: 30-Jul: low growing, wow, great color; 15-Aug: low growing, still looks great; 30-Aug: .
Calibrachoa	Callie	Rose Star	Goldsmith Seeds		3.3	2.8	3.0	3.0	3.0		60	89	99	92	90	15-June: 30-June: bushy habit, flowers not prominent, more foliage than other calibrachos; 15-July: great stars, 30-July: 15-Aug: 30-Aug: .
Calibrachoa	Callie	Sunrise	Goldsmith Seeds		3.1	2.7	2.6	2.7	2.8		96	100	146	132	121	15-June: difficult to see flowers; 30-June: upright habit; 15-July: bloom colors inconsistent; 30-Jul: not the best calibrachoa, 15-Aug: 30-Aug: not even close to 'Dark Blue', never really filled in its space.
Calibrachoa	Callie	Yellow	Goldsmith Seeds		3.3	3.2	3.2	3.2	3.2		50	53	67	62	58	15-June: has potential; 30-June: very pale; 15-July: citrus like in color, nice yellow color; 30-Jul: nice flowers, too compact flowers and leaves; 15-Aug: lacks contrast, looks great; 30-Aug: nicer than 'Sunrise' but not nicer than 'Dark Blue', still looks great.
Calibrachoa	Superbells	Cherry Blossom	Proven Winners		3.4	3.4	3.3	3.2	3.3		31	41	50	69	46	15-June: dark throat color draws eye inward, some browning leaves; 30-June: uneven growth, shimmering like fabric, nice, contained, good flower color that sparkles, not spreading fast; 15-July: mounding, flower color looks dull; 30-Jul: blah, except for great sheen, 15-Aug: bushy/hedge habit very unique, looks excellent, leaf & flower color dull; 30-Aug: .
Calibrachoa	Superbells	Coral	Proven Winners		3.5	3.8	3.4	3.7	3.6		16	10	33	18	11	15-June: upright and spreading habit, getting a bit tall/leggy, very cute; 30-June: nice flowers; 15-July: fills in completely--hedge; 30-Jul: past their prime, one dead plant, 15-Aug: nice yellow eye, still looks great; 30-Aug: .
Calibrachoa	Superbells	Tickled Pink	Proven Winners		3.2	3.1	2.9	3.0	3.0		80	63	131	88	82	15-June: 30-June: mounding; 15-July: mounding; 30-Jul: yellowish foliage detracts; 15-Aug: not impressive, some dieback; 30-Aug: dull overall.
Calibrachoa	Superbells	Trailing Light Blue	Proven Winners		3.8	3.3	3.3	3.4	3.4		6	46	51	37	27	15-June: some browning leaf margins, dry; 30-June: carpeting, flower color dull; 15-July: 30-Jul: very nice grouping though color a bit washed out by sun; 15-Aug: so uniform; 30-Aug: good ground cover.
Calibrachoa	Superbells	Trailing Plum	Proven Winners		3.2	3.6	3.2	3.3	3.3		76	22	66	45	45	15-June: has potential, nice ground covering habit; 30-June: 15-July: patches w/o flowers, 30-July: 15-Aug: even & consistent, still looks great; 30-Aug: similar to Goldsmith's 'Dark Blue', looks great.
Chrysocephalum	Flambe	Orange	Proven Winners		4.0	4.0	3.7	4.0	3.9		3	4	10	6	2	15-June: flowers look yellow, yellowing leaves, fun; 30-June: school bus orange, foliage is a bit lacking, great flowers, neat, different from all others; 15-July: sweat bees love it; 30-Jul: eye-catching color, excellent, amazing, unique color and flower type; 15-Aug: much nicer than yellow, wow, great planting, still looks great; 30-Aug: nice late color, great and unique flower.
Chrysocephalum	Flambe	Yellow	Proven Winners		3.7	4.0	3.5	3.8	3.7		8	5	18	11	5	15-June: yellowing leaves at base, leggy in areas; 30-June: foliage is a bit lacking, great flowers; 15-July: sweat bees love it, great; 30-July: 15-Aug: not as nice as orange, wow, great planting; 30-Aug: not as nice as orange, such a great and unique flower/plant.
Cleome		Senorita Rosalita	Proven Winners		3.8	3.6	3.8	3.9	3.8		5	16	8	7	3	15-June: some yellowing leaves at base; 30-June: bushy, nice, beautiful; 15-July: tall, beautiful; 30-Jul: tall, some leaf yellowing with plants in middle of grouping; 15-Aug: tall hedge, huge; 30-Aug: some leaf yellowing at base; great flowers and height, looked great all season.
Coleus	Aurora	Black Cherry	BFP		4.1	1.3	4.6	4.2	3.5		2	160	2	4	16	15-June: has potential; 30-June: mounding and full, tropical look, nice size; 15-July: hedge; 30-Jul: great all around, 15-Aug: petite leaves, great foliage color, still amazing; 30-Aug: consistent, good in full sun.
Coleus	Wizard	Coral Sunrise	Pan Am		3.1	1.1	2.9	2.7	2.4		101	162	112	136	156	15-June: fading in sun; 30-June: amazing color patterns, too tall; 15-July: fading in sun, flowers detract; 30-Jul: crowded by neighbor, color faded; 15-Aug: mildew, no comment, cutback too hard, diseased, would be better if more space; 30-Aug: mildew, leggy.
Dianthus	Bouquet	Rose Magic	Pan Am		2.6	2.1	2.7	2.5	2.5		150	142	139	150	151	15-June: 30-June: few flowers; 15-July: 30-Jul: needs dead-heading; 15-Aug: done, almost done flowering, dead flowers detract, needs dead-heading; 30-Aug: done, nice flowers, almost all dead, dead or dry.
Diascia	Darla	Deep Salmon	Goldsmith Seeds		3.0	2.4	3.2	3.1	2.9		121	125	69	75	108	15-June: messy/browning flowers; 30-June: mounding habit; 15-July: some doing well, others struggling, some dead/browning flowers, sun bleached; 30-Jul: needs dead-heading; 15-Aug: no blooms, done flowering; 30-Aug: second flush.
Diascia	Darla	Light Pink	Goldsmith Seeds		3.4	2.9	3.2	3.2	3.2		39	84	60	57	62	15-June: 30-June: dainty cottage look; 15-July: only top flowers remain, leggy, sun bleached, can't see foliage well; 30-Jul: needs serious dead-heading; 15-Aug: few flowers, done flowering; 30-Aug: nice late show, had a second flowering.
Diascia	Darla	Rose	Goldsmith Seeds		2.8	2.4	3.1	3.0	2.8		137	123	80	93	119	15-June: 30-June: tall- blooms spread out and looks sparse; 15-July: leggy and tall; 30-Jul: two plants browning out, done flowering, some brown leaves, all flowers cut back; 15-Aug: no blooms, done flowering; 30-Aug: needs dead-heading, second flowering.

Diascia	Darla	White	Goldsmith Seeds		3.0	2.0	3.1	2.7	2.7		107	155	83	133	137	15-June: some dead flowers; 30-June: tall w/ few flowers, needs dead-heading, flower stems scraggly; 15-July: leggy, can't see foliage well; 30-Jul: one dead plant, needs dead-heading; 15-Aug: no blooms, done flowering, flowers removed; 30-Aug: needs dead-heading.
Diascia	Flying Color	Orange	Proven Winners		3.1	2.7	3.0	2.8	2.9		100	102	98	115	111	15-June: dead flowers look black, not as floriferous as other cultivars; 30-June: lots of flowers; 15-July sun bleached; 30-Jul: needs dead-heading; 15-Aug: almost done flowering, browning; 30-Aug: needs dead-heading.
Dichondra		Silver Falls	Pan Am		4.2	1.2	4.4	4.1	3.5		1	161	3	5	22	15-June: leaves browning in sun, has potential; 30-June: slowly filling in; 15-July: slow to fill in, great foliage accent, attacked by slime mold; 30-Jul: filled in nicely, wow, love it; 15-Aug: love it, fills in beautifully; 30-Aug: silver mat, love it, so nice.
Euphorbia		Diamond Frost	Proven Winners		3.6	3.4	3.0	3.5	3.4		11	34	94	27	33	15-June: yellow/brown leaves, some dead flowers, too airy, dry, good plant when well watered; 30-June: unusual flowers- nice, making a slow but steady comeback, looks nice this week; 15-July: bugs love it; 30-July: 15-Aug: lots of visual interest, good texture, too airy; 30-Aug: tall, getting messy, better as accent than in large stand.
Gaillardia	Torch	Red Ember	BFP		3.2	3.3	3.5	3.4	3.4		69	45	23	39	39	15-June: 30-June: amazingly dense w/ many blooms, taking over its plot area, growing like wild; 15-July: fierce competitor, thick, some flowers turning dark red/brown, awesome, too tall; 30-Jul: bees love it, very dense, more of a barn red color this week; 15-Aug: some falling/splitting among hedge, some plants done flowering while others not, dead heads detract, needs dead-heading; 30-Aug: needs dead-heading.
Geranium	Allure	Pink Sizzle	BFP		2.9	3.1	3.1	3.2	3.0		130	68	90	70	83	15-June: much smaller than all others; 30-June: small plants but nice blooms; 15-July: needs dead-heading, not self-cleaning; 30-Jul: still nice, dark stems; 15-Aug: crowded, great flowers, great color but crowded by neighbors; 30-Aug: .
Geranium (Exotic)	Crystal Palace	Gem (Red)	Fischer USA		3.3	2.9	3.4	3.0	3.1		61	81	37	100	68	15-June: don't like flower color with leaf color; 30-June: neon petals and leaves, bad flowers, not self-cleaning, bright; 15-July: needs dead-heading; 30-Jul: bright, looks great, colors too bright; 15-Aug: needs dead-heading again, some yellow leaves, too bright; 30-Aug: foliage browning.
Geranium (Exotic)	Graffiti Double	Red	Fischer USA		3.1	2.4	3.3	2.8	2.9		88	124	45	120	107	15-June: 30-June: spent blooms look really bad, nice deep color red, not self-cleaning, needs dead-heading; 15-July: needs dead-heading, lots of dead flowers; 30-Jul: needs dead-heading, average; 15-Aug: dead-heading helped, looks great; 30-Aug: needs dead-heading.
Geranium (Exotic)	Graffiti Double	White	Fischer USA		3.2	2.0	3.1	2.7	2.8		79	148	78	138	129	15-June: flowers look pink; 30-June: all blooms spent, not self-cleaning, some dead flowers, needs dead-heading; 15-July: needs dead-heading; 30-July: 15-Aug: 30-Aug: needs dead-heading.

Geranium (Zonal)	Americana	Deep Red	Goldsmith Seeds		2.9	2.6	2.9	2.8	2.8		131	110	120	127	122	15-June: leaves have interesting red tint; 30-June: not self-cleaning, needs dead-heading; 15-July: absolute horrible, needs dead-heading; 30-Jul: still nice, needs dead-heading, not bad, some yellow leaves; 15-Aug: needs dead-heading again; 30-Aug: needs dead-heading.
Geranium (Zonal)	Americana	Light Salmon	Goldsmith Seeds		3.3	2.5	3.2	2.9	3.0		62	116	64	103	98	15-June: 30-June: spent blooms look like mud, not self-cleaning, needs dead-heading; 15-July: not self-cleaning, needs dead-heading; 30-Jul: needs dead-heading, not too bad; 15-Aug: needs dead-heading again, looking much better, has beetles; Aug: needs dead-heading.
Geranium (Zonal)	Aquarello '07	Pastel Pink	Fischer USA		3.1	2.8	2.9	2.9	2.9		98	91	126	114	109	15-June: 30-June: nice color, darker edges, some dead flowers, some yellowing/browning leaf edges, needs dead-heading; 15-July: needs dead-heading; 30-Jul: needs dead-heading; 15-Aug: needs dead-heading again; 30-Aug: needs dead-heading.

Geranium (Zonal)	Eclipse	Light Salmon II	Goldsmith Seeds		3.2	2.7	3.6	3.0	3.1		82	105	11	85	69	15-June: 30-June: spent blooms distract, not self-cleaning, needs dead-heading; 15-July: not self-cleaning, needs dead-heading; 30-Jul: still nice, purple stems, needs dead-heading; 15-Aug: needs dead-heading again, nice zone in foliage, great, deep leaf color; 30-Aug: needs dead-heading, nice chocolate stems, one dead plant.
Geranium (Zonal)	Eclipse	White	Goldsmith Seeds		3.0	2.0	3.0	2.5	2.6		110	146	101	148	141	15-June: yellowing leaves; 30-June: spent blooms detract, dead flowers turn brown, not self-cleaning, needs dead-heading; 15-July: needs dead-heading, flowers look bold, not self-cleaning; 30-Jul: needs dead-heading, some yellow flowers, dead flowers show too much on cluster; 15-Aug: needs dead-heading 30-Aug: needs dead-heading, leaf yellowing at base.
Geranium (Zonal)	Eclipse	Red III	Goldsmith Seeds		3.2	2.9	3.0	3.1	3.0		78	87	92	81	84	15-June: great color red, very vibrant, favorite of all red geraniums; 30-June: very floriferous, large, not self-cleaning; 15-July: needs dead-heading; 30-Jul: not bad, some yellow leaves, needs dead-heading; 15-Aug: dead-heading helped; 30-Aug: needs dead-heading again.
Geranium (Zonal)	Himalaya Fire	Scarlet	Fischer USA		3.1	2.9	3.5	3.1	3.1		104	80	25	79	67	15-June: flowers too bright; 30-June: nice bright red/orange color; 15-July: needs dead-heading; 30-Jul: still nice, needs dead-heading, better than most geraniums; 15-Aug: needs dead-heading, great color, dead-heading helped, looks amazing, great leaf/flower colors; 30-Aug: needs dead-heading.
Geranium (Zonal)	Rocky Mtn.	Lavender	Fischer USA		3.2	3.1	3.1	3.1	3.1		73	66	74	83	70	15-June: has potential; 30-June: not self-cleaning, nice color; 15-July: better than others, needs dead-heading, not self-cleaning; 30-Jul: nice looking still, 15-Aug: fabulous, dead-heading helped a lot, one of my favorites, looks great since dead-heading; 30-Aug: .
Geranium (Zonal)	Rocky Mtn.	Light Salmon	Fischer USA		3.1	2.5	3.1	2.9	2.9		90	111	77	105	104	15-June: 30-June: spent blooms look like mud, not self-cleaning, some browning leaf edges, needs dead-heading; 15-July: needs dead-heading; 30-Jul: needs dead-heading, 15-Aug: dead-heading helped, nice leaf zone, looks great; 30-Aug: needs dead-heading again, looking good.
Geranium (Zonal)	Rocky Mtn.	Violet	Fischer USA		3.3	3.1	3.1	3.1	3.2		51	65	84	74	65	15-June: nice flower color, some yellow leaves; 30-June: amazing colors (magenta and red) very bright, nice color, few yellow leaves at base, vibrant flower color; 15-July: needs dead-heading, amazing color, not self-cleaning; 30-Jul: nicer flowers than other geraniums; 15-Aug: fabulous, dead-heading helped a lot, one of my favorites, looks excellent since dead-heading, look nice after dead-heading; 30-Aug: my favorite geranium, would look great if always dead-headed, needs dead-heading.
Gerbera	Everlast	Orange	Proven Winners		3.1	3.3	3.3	3.5	3.3		95	50	53	28	48	15-June: 30-June: better if scattered planting than in cluster; 15-July: best gerbera; 30-Jul: needs dead-heading, perfect height matches, great color; 15-Aug: nicest gerbera; 30-Aug: not uniform, looks great.
Gerbera	Everlast	Pink	Proven Winners		2.7	2.3	3.2	2.9	2.8		148	136	57	113	130	15-June: looks like a weed when not in flower; 30-June: very uneven growth, few flowers; 15-July: 30-Jul: needs dead-heading, fading color, 15-Aug: struggling in full sun but doing its best; 30-Aug: foliage not as nice as 'White'.
Gerbera	Everlast	White	Proven Winners		3.2	2.3	3.6	3.0	3.0		71	133	14	89	88	15-June: 30-June: small flowers- look dirty, few flowers; 15-July: 30-Jul: needs dead-heading, some dead flowers; 15-Aug: 30-Aug: nice leaf rosettes.
Helenium		Dakota Gold	Pan Am		3.3	3.5	3.8	3.6	3.6		48	27	6	22	15	15-June: has potential; 30-June: love the leaf texture; 15-July: 30-Jul: getting nicer; 15-Aug: great feathery texture; 30-Aug: needs dead-heading.
Heliotrope	Scentropia	Silver	Proven Winners		3.0	3.2	3.4	3.4	3.2		112	55	38	42	55	15-June: droopy leaves, leggy, flower color is blah; 30-June: great foliage texture; 15-July: 30-Jul: needs dead-heading, some dead flowers, 15-Aug: leaves w/black splotches, butterflies love it; 30-Aug: love the foliage, needs dead-heading, second flowering.
Impatiens	Fanfare	Orchid	BFP		3.3	2.7	3.0	3.0	3.0		45	99	100	98	93	15-June: one dead plant; 30-June: two inch blooms need lots of space; 15-July: not enough room, great looking variety; 30-Jul: crowded, having it's space invaded, squished, can't see leaves, getting overrun by other plants; 15-Aug: too crowded, mildew, insect damage, looks awful, Japanese beetle damage, hard to see- cannot rate fairly; 30-Aug: .
Impatiens (Double)	Silhouette	Orange	Goldsmith Seeds		3.0	2.9	2.3	2.8	2.8		108	86	156	119	128	15-June: not so orange; 30-June: some dead flowers, browning leaf edges; 15-July: leaves burning, brown spotted leaves, floppy, old flowers detract from appearance; 30-Jul: leaf browning; 15-Aug: burned in sun, awful brown foliage, starting to wilt; 30-Aug: .
Impatiens (Double)	Silhouette	Pink '06	Goldsmith Seeds		3.3	2.9	2.8	2.9	3.0		54	83	134	112	96	15-June: messy, wilted; 30-June: rose-like, some dead flowers; 15-July: floppy; 30-Jul: old flowers turning brown; yellowing leaves, various stages of blooming detracts; 15-Aug: scorched/bad flowers and leaves, faded; 30-Aug: .
Impatiens (Double)	Silhouette	Pink Ice	Goldsmith Seeds		2.8	2.4	2.2	2.5	2.5		138	126	159	151	152	15-June: yellowing leaves, looks messy, dry; 30-June: needs more blooms, huge plant, browning leaves, few flowers, not self-cleaning, not healthy, drooping; 15-July: perfect mounds, yellow leaves, lacking a lot of flowers; 30-Jul: many unopened blooms, lots of yellow leaves, not great flowers, some dieback; 15-Aug: scorched, few wilted flowers, yellow foliage, faded, chlorotic; 30-Aug: .
Impatiens (Double)	Silhouette	Rose '06	Goldsmith Seeds		3.3	3.4	2.4	3.1	3.1		49	37	155	78	80	15-June: looks messy with double flowers, dry; 30-June: huge plants and flowers, rose-like; 15-July: floppy, some browning and yellowing leaves; 30-Jul: hedge, yellowing leaves; 15-Aug: nice considering it in full sun, wilted flowers, dry looking foliage, faded, leaves look chlorotic; 30-Aug: nice for double impatiens, flower are rose-like.
Impatiens (Mini)	Firefly	Blush Pink II	Goldsmith Seeds		3.0	3.5	2.7	3.2	3.1		117	24	144	67	75	15-June: yellowing leaves, difficult to see foliage; 30-June: mounding habit, self-cleaning; 15-July: mounding, some yellowing leaves; 30-Jul: two plants with very few blooms, yellowing leaves, cute; 15-Aug: scorched, loosing flowers, yellow foliage, faded, leaves look chlorotic; 30-Aug: .

Impatiens (Mini)	Firefly	Orange II	Goldsmith Seeds		3.2	3.0	2.9	3.0	3.0		70	74	113	101	91	15-June: not self-cleaning, some brown leaves, messy flowers; 30-June: spent blooms look faded, mounding, bad flowers, yellowing leaves, old flowers are pale; 15-July: blooms faded, mounding, one plant dying; 30-Jul: one dead plant, not self-cleaning, some dieback; 15-Aug: some dieback; 30-Aug: one dead plant.
Impatiens (Mini)	Firefly	Salmon II	Goldsmith Seeds		2.9	3.3	2.9	3.2	3.1		125	42	130	68	78	15-June: messy flowers, not self-cleaning, so many flowers can't see foliage; 30-June: less mounding, blooms fade nicely, some dead flowers; 15-July: mounding; 30-Jul: blooms faded, too busy; 15-Aug: scorched, done flowering, yellow leaves; 30-Aug: yellowing leaves.
Impatiens (Mini)	Firefly	Watermelon	Goldsmith Seeds		3.3	3.4	3.0	3.2	3.2		42	32	104	66	56	15-June: messy flowers, not self-cleaning, yellow leaves, messy; 30-June: mounds, blooms fade; 15-July: mounding, some leaf yellowing, dieback; 30-Jul: too busy, 15-Aug: defoliated by insects, few flowers, faded, maybe better in shade; 30-Aug: loaded w/flowers.
Impatiens (Trailing)	Butterfly	Deep Pink	Goldsmith Seeds		3.2	2.1	2.9	2.8	2.8		67	141	117	122	126	15-June: looks wilted, messy, dry; 30-June: spreading, not a deep pink; 15-July: mounding, leaf edges rolling; 30-Jul: hedge, wilted leaves; 15-Aug: few flowers, no flowers, yellow leaves; 30-Aug: .
Impatiens (Trailing)	Butterfly	Lilac	Goldsmith Seeds		3.0	2.3	2.7	2.7	2.7		105	131	140	130	136	15-June: begging for water, dry/wilted; 30-June: spreading; 15-July: 30-Jul: wilted flowers and leaves; 15-Aug: few flowers, yellow foliage, faded; 30-Aug: .
Lantana	Bandana	Cherry	Goldsmith Seeds		2.3	2.0	3.1	2.6	2.5		160	156	88	142	150	15-June: only one flowering, nice color; 30-June: very uneven growth, few flowers, flowers not all 'Cherry'; 15-July: slow to start, some Rose mixed in; 30-Jul: color inconsistencies; 15-Aug: uneven, few flowers, poor foliage, never had many flowers; 30-Aug: .
Lantana	Bandana	Rose	Goldsmith Seeds		2.6	2.1	3.4	2.9	2.7		149	144	39	106	132	15-June: 30-June: very uneven growth, very few flowers; 15-July: slow to start, needs more flowers, imperfections in color; 30-Jul: color inconsistencies; 15-Aug: few flowers, never a great show of flowers; 30-Aug: lovely textured foliage.
Lantana		Lucky Yellow	BFP		3.2	3.0	3.5	3.3	3.2		65	73	24	51	52	15-June: big variation in red to white ratio; 30-June: very uneven compared to GF competitors, best lantana in all beds, needs to spread, plants are small; 15-July: half of plants are struggling; 30-Jul: slow to flower, needs more flowers; 15-Aug: finally looking nice, slow grower; 30-Aug: .
Lobelia	Laguna	Sky Blue	Proven Winners		2.9	2.7	2.1	2.7	2.6		126	96	161	135	145	15-June: some dead flowers and brown leaves, great flower color; 30-June: slow growing, few flowers; 15-Aug: color is dull, not as good as 'Techno', can't see foliage well; 30-July: 15-Aug: sad looking foliage, foliage browned; 30-Aug: scorched, all dead, dry.
Lobelia	Laguna	White	Proven Winners		2.6	2.3	2.2	2.4	2.4		151	132	160	157	158	15-June: 30-June: 15-July: one plant has no flowers, one dying plant and one dead plant- otherwise uniform; 30-Jul: brown leaves and flowers, dieback, maybe too dry; 15-Aug: done, some dead, two dead plants, done flowering, major dieback; 30-Aug: three plants alive.
Lobelia	Techno	Blue	Goldsmith Seeds		2.8	2.5	2.0	2.5	2.4		139	117	162	154	157	15-June: 30-June: nice blue color; 15-July: centers w/o flowers - like a donut, can't see foliage; 30-Jul: flowers almost spent, looks dry; 15-Aug: scorched, few blooms, all dead plants, all browning; 30-Aug: burned up, all dead.
Marigold	Moonstruck	Yellow	S&G		3.4	3.4	3.5	3.4	3.4		33	31	16	38	25	15-June: 30-June: large flowers almost too large, getting a little crowded, awesome giant flowers; 15-July: needs dead-heading, some dead, browning flowers; 30-Jul: browning flowers, needs dead-heading; 15-Aug: dead-heading helped a lot, leaves browning; 30-Aug: needs dead-heading, foliage browning/reddening, so brown/dark blue leaves.
Millet (Ornamental)		Jester	Pan Am		3.3	2.0	3.6	5.8	3.7		58	154	15	1	10	15-June: browning leaves, not good in full sun; 30-June: 15-July: coming along slowly, 30-July: great color foliage; 15-Aug: nice in a border, husband loves it, sounds nice in the wind; 30-Aug: .
Nemesia	Safari	White	Proven Winners		3.2	3.0	3.2	3.2	3.1		77	79	59	60	66	15-June: 30-June: average, not impressed by plant; 15-July: 30-July: 15-Aug: better than others but not great; 30-Aug: needs dead-heading.
Nemesia		Opal Innocence	Proven Winners		3.5	3.1	3.4	3.5	3.4		23	67	36	26	38	15-June: nice spectrum of color w/ each flower, great flower color, unusual; 30-June: the best one, dynamic color like an opal, cute and delicate; 15-July: 30-Jul: perfect height matches; 15-Aug: done flowering, needs dead-heading; 30-Aug: needs dead-heading.
Osteospermum	Soprano	Vanilla Spoon	Proven Winners		3.0	2.3	3.4	2.9	2.9		118	130	31	102	105	15-June: 30-June: uneven growth, some dead flowers, not very many new blooms; 15-July: not so good flowers, needs dead-heading; 30-Jul: needs dead-heading; 15-Aug: 30-Aug: great foliage, inconsistent flowering.
Osteospermum	Tradewinds	Light Purple	Goldsmith Seeds		3.0	3.0	3.5	3.2	3.2		123	71	17	54	59	15-June: 30-June: blue eye, very even, nice flowers; 15-July: nice color contrast, one dead plant; 30-Jul: needs dead-heading; 15-Aug: nicest osteospermum; 30-Aug: dead-heading helped.
Osteospermum	Tradewinds	Pink	Goldsmith Seeds		3.1	2.0	3.8	3.1	3.0		87	149	7	80	89	15-June: 30-June: very few flowers, colors don't match plant to plant, not enough flowers; 15-July: draws eye in, one white one mixed in; 30-Jul: lacking in flowers, not all pink; 15-Aug: done flowering, one white, plant size uniform; 30-Aug: .
Osteospermum	Tradewinds	Pure Yellow	Goldsmith Seeds		3.0	2.1	3.1	2.7	2.7		113	140	85	129	131	15-June: not flowering; 30-June: bright/intense color, few flowers; 15-July: needs dead-heading, some brown/dead flowers; 30-Jul: needs dead-heading, browning flowers; 15-Aug: didn't fill in as well as others, needs dead-heading; 30-Aug: needs dead-heading.
Osteospermum	Tradewinds	White '06	Goldsmith Seeds		2.9	2.3	3.5	3.1	2.9		129	137	26	76	103	15-June: not flowering; 30-June: very uneven growth; 15-July: colors pop, great flowers; 30-Jul: lacking many flowers; 15-Aug: almost done flowering; 30-Aug: .
Penstemon	Phoenix	Red	Goldsmith Seeds		2.7	2.0	2.9	2.5	2.5		143	157	132	145	148	15-June: not flowering; 30-June: very uneven growth; 15-July: 30-July: needs dead-heading; 15-Aug: done, done flowering, needs dead-heading 30-Aug: .
Penstemon	Phoenix	Violet	Goldsmith Seeds		3.1	2.0	2.9	2.6	2.6		97	153	128	140	142	15-June: not flowering; 30-June: foliage looks chlorotic; 15-July: wow- white is very white- makes other color pop, great colors; 30-July: needs dead-heading; 15-Aug: almost done, done flowering, needs dead-heading; 30-Aug: .

Pentas	Butterfly	Lavender Shades	Ball		2.3	2.0	2.5	2.2	2.2		162	152	154	162	161	15-June: leaves floppy w/ brown spots, not good in full sun; 30-June: leaves mottled brown, few flowers, browning leaves; 15-July: foliage yellowing, no flowers, inconsistent, not a fan; 30-Jul: spent, browning flowers, not too impressive; 15-Aug: never consistent or nice, never had many flowers, not so good foliage; 30-Aug: poor, needs dead-heading.
Petunia	Easy Wave	Beachcomber Mix	Pan Am		2.5	3.1	3.0	2.5	2.8		155	69	91	152	124	15-June: great flower color, purple and pink flowers; 30-June: mostly purple w/few pink- odd mix ratio, colors better separate; 15-July: proportion of colors off, mainly purple, odd color mix; 30-Jul: no botrytis but some in pink, not a fan of mixed color; 15-Aug: uneven color mix, no more botrytis, mix not a good idea, cutback too hard; 30-Aug: botrytis, odd color mix.
Petunia	Easy Wave	Coral Reef	Pan Am		2.8	2.7	3.0	2.8	2.8		135	97	103	118	118	15-June: yellowing leaves; 30-June: moderate petal damage, some petals are faded, wet flowers look horrible, aggressive growth; 15-July: climber, huge; 30-Jul: climbing, botrytis, washed out; 15-Aug: viciously crowds out neighbors, cutback too hard, aggressive growth; 30-Aug: botrytis.
Petunia	Jamboree	Burgundy	Goldsmith Seeds		3.7	3.9	3.6	3.7	3.7		7	6	12	14	4	15-June: 30-June: little petal damage- botrytis 15-July: 30-Jul: carpet of blooms, climber, 15-Aug: nicer than Burgundy '06, no botrytis, great color, huge, covers everything; 30-Aug: little botrytis, reliably nice.
Petunia	Jamboree	Hot Pink	Goldsmith Seeds		3.3	3.6	3.1	3.4	3.3		53	20	86	40	40	15-June: color is electric in sun, nice large flowers; 30-June: very aggressive, some petal damage, very pink; 15-July: trailing, blindingly pink, climbing over other plants, aggressive growth habit; 30-Jul: trailing botrytis, invading others space, covering all neighbors, aggressive growth; 15-Aug: really blooms, very pink; 30-Aug: botrytis.
Petunia	Jamboree	Lavender II	Goldsmith Seeds		3.4	3.1	2.9	3.0	3.1		38	60	122	94	76	15-June: 30-June: carpet of flowers; 15-July: creeping; 30-Jul: creeping, botrytis; 15-Aug: climber; 30-Aug: needs dead-heading, botrytis, some mottled petals.
Petunia	Madness	Red Picotee	Ball		2.8	2.5	2.9	2.7	2.7		141	112	111	137	134	15-June: fun color flowers but not self-cleaning, flower pattern inconsistent; 30-June: lots of petal damage botrytis, spotted/wet flowers look horrible, flowers look terrible; 15-July: inconsistent flowers, flowers look dried out; 30-Jul: few blooms, botrytis, tall, hate it, not enough flowers, leggy; 15-Aug: tall, patriotic, old-fashioned look, general dislike; 30-Aug: all blooms closed.
Petunia	Plush	Deep Pink	S&G		3.6	3.7	3.1	3.4	3.4		13	13	89	43	29	15-June: needs to fill out more, old flowers detract from appearance; 30-June: 15-July: some dead flowers 30-July: 15-Aug: going strong, second set of flowers look good, fills the space very evenly; 30-Aug: needs dead-heading, flowers more sparse than earlier in season.
Petunia	Supertunia	Raspberry Blast	Proven Winners		3.4	3.5	3.1	3.2	3.3		37	23	79	65	47	15-June: bicolor- speckled & striped, not consistent, one dying plant, not really a cohesive group; 30-June one plant died, slight diseased look; 15-July: becoming more uniform, great flower color; 30-Jul: inconsistent color markings, looks great, nice growth habit; 15-Aug: looks great; 30-Aug: little botrytis, looks great.
Petunia	Tidal Wave	Purple	Pan Am		3.5	3.7	3.4	3.5	3.5		20	15	32	25	19	15-June: 30-June: tall and aggressive, nice flowers, not purple; 15-July: insane climber, too tall, aggressive growth; 30-Jul: three feet tall, vigorous; 15-Aug: trailing, super aggressive, no botrytis; 30-Aug: little botrytis, trailing, climber.
Petunia	Whispers	Appleblossom	Goldsmith Seeds		3.1	3.2	2.9	3.0	3.0		93	59	125	95	87	15-June: 30-June: open white and then turn pink, trailing; 30-Jul: tall hedge, covering all neighbors; 15-Aug: trailing, one plant taller than others, didn't fill in after trimming; 30-Aug: some browning edges.
Petunia	Whispers	Blue	Goldsmith Seeds		3.5	3.8	3.1	3.5	3.5		15	9	70	24	20	15-June: not blue but purple; 30-June: amazing color, not blue, nice deep flower color and velvety texture 15-July: not blue; 30-Jul: still looks good, vibrant; 15-Aug: a winner, great color but bad name, not blue; 30-Aug: .
Petunia	Whispers	Burgundy '06	Goldsmith Seeds		3.3	3.4	3.3	3.3	3.3		56	38	48	46	43	15-June: some browning leaf margins; 30-June: some petal damage, botrytis; 15-July: 30-Jul: climber, 15-Aug: no botrytis; 30-Aug: .
Petunia	Whispers	Light Yellow	Goldsmith Seeds		2.9	2.7	2.6	2.5	2.7		127	98	147	149	138	15-June: yellowing leaves; 30-June: spent blooms distract, average plant; not impressed, flower very pale; 15-July: small flowers, ugly colors, some dried flowers; 30-Jul: flowers and foliage pale; 15-Aug: lacks contrast, very nice still; 30-Aug: stems brown & defoliated at base, one dead plant, much looks dead.
Petunia	Whispers	Red	Goldsmith Seeds		3.3	2.6	2.7	2.8	2.8		57	108	138	123	115	15-June: 30-June: lots of petal damage- botrytis, spotted petals, wet flowers look horrible; 15-July: 30-Jul: botrytis, flecked petal color; 15-Aug: faded color, botrytis, spotted petals; 30-Aug: .
Petunia	Whispers	Rose Vein	Goldsmith Seeds		3.4	3.7	3.0	3.3	3.3		28	14	102	48	44	15-June: 30-June: spreading, small flowers, needs dead-heading; 15-July: trailing; 30-Jul: climber, some botrytis, really pink, covering all neighbors; 15-Aug: trailing; 30-Aug: leggy, crowding out by neighbors, center died out.
Petunia	Whispers	White	Goldsmith Seeds		3.2	3.3	2.8	3.1	3.1		72	47	133	72	71	15-June: 30-June: spreading; 15-July: trailing, 30-Jul: not spectacular; 15-Aug: lacks contrast, flowers still look great; 30-Aug: needs dead-heading, no contrast.
Petunia	Madness	Red Morn	Ball		2.9	2.2	2.9	2.5	2.6		133	139	119	146	143	15-June: washed out looking color, floppy corolla, yellowing/browning leaf margins, needs dead-heading; 30-June: horrible petal damage, dying flowers are spotted, wet flowers look horrible, flowers look ragged; 15-July: everything about it is bad, tall, gross colors, needs dead-heading, botrytis; 30-Jul: botrytis, few blooms, not enough flowers, leggy, washed out; 15-Aug: botrytis, climbing, no height uniformity at all, washed out spots; 30-Aug: all blooms closed, botrytis, hate this variety.
Petunia	Madness	Lavender Glow	Ball		3.1	2.9	2.9	3.0	3.0		89	85	110	90	94	15-June: floppy corona, nice color but not self-cleaning, needs dead heading; 30-June: tall and aggressive, dying flowers that are spotted, wet flowers look horrible, spent/un-opened flowers detract from appearance 15-July: climber, going crazy, too big; 30-Jul: climbing, botrytis; 15-Aug: no comment, cutback too hard; 30-Aug: .

Petunia	Suncatcher	Plum Vein	BFP		3.1	2.8	2.9	2.8	2.9		92	93	123	126	113	15-June: nice venation; 30-June: lots of petal damage- botrytis, poor petals, needs dead-heading, wet flowers look horrible; 15-July: wet flowers look gross; 30-Jul: botrytis, not enough flowers, leggy, washed out; 15-Aug: crowded; 30-Aug: two dead plants.
Petunia	Suncatcher	Dark Coral	BFP		3.0	2.4	2.9	2.6	2.7		106	122	116	141	133	15-June: flower color more tomato red than coral; 30-June: petals devastated by botrytis- lots of rain recently, horrible/spotted flowers, not impressed, wet flowers look horrible, flowers look ragged; 15-July: not yet recovered from botrytis, horrible; 30-Jul: botrytis, few blooms, washed out; 15-Aug: botrytis; 30-Aug: all blooms closed, botrytis.
Phlox	Intensia	Lavender Glow	Proven Winners		3.5	4.3	3.2	3.9	3.7		19	2	65	8	6	15-June: has potential, leaf color quite yellow; 30-June: no mildew; 15-July: no mildew, great flower color and abundance, can't see foliage well; 30-Jul: excellent plant this week; 15-Aug: wow, still looks great; 30-Aug: reliably nice, no mildew.
Phlox	Intensia	Lilac Rose	Proven Winners		3.2	3.9	3.1	3.6	3.4		84	8	81	21	26	15-June: some brown leaves, leggy; 30-June: no mildew, different colored flowers, one plant has different shades of flowers; 15-July: 30-July: 15-Aug: not the best of the phlox; 30-Aug: dead spots in middle.
Phlox	Intensia	Pink	Proven Winners		2.5	3.6	2.8	3.1	3.0		156	19	137	73	92	15-June: two flower colors; 30-June: nice pink color, a mix of plants, no mildew, some mixed flower colors/patterns, colors do not match; 15-July: 'Star Intensia' mixed in; 30-Jul: color inconsistencies; 15-Aug: least nice phlox, color inconsistencies; 30-Aug: .
Phlox	Intensia	Star Brite	Proven Winners		3.5	4.0	3.0	3.7	3.6		17	3	93	13	12	15-June: some yellowing leaves; 30-June: lovely flowers, some browning leaf edges; 15-July: flowers pop; 30-July: 15-Aug: great flowers, fun petal pattern; 30-Aug: .
Phlox	Intensia	Neon Pink	Proven Winners		3.6	3.9	3.5	3.8	3.7		12	7	27	9	7	15-June: foliage pale/yellowish; 30-June: no mold, very even, nice flowers; 15-July: hedge, 30-Jul: no mildew, great flowers; 15-Aug: still looks great; 30-Aug: .
Portulaca	Rio	Scarlet	BFP		3.0	3.0	3.1	3.2	3.1		116	72	87	56	77	15-June: begging for water; 30-June: orange eye nice, very uneven foliage, not as good as Rio Orange (2005); 15-July: gorgeous flowers; 30-Jul: beautiful when open, very nice flowers; 15-Aug: flowers closed, dense mat; 30-Aug: blooms closed.
Salvia		Red Hot Sally II	Ball		3.3	3.3	3.1	3.3	3.3		47	43	73	52	51	15-June: yellowing leaves, droopy plant; 30-June: dense flowers, wow, very red, some browning leaves, wow; 15-July: some flowers look faded by sun, few yellow leaves; 30-Jul: past their prime, flowers browning, short plants, needs dead-heading; 15-Aug: second flush, nice second flowering; 30-Aug: nice rebound since dead-heading.
Salvia		Spanish Dancer	Proven Winners		3.4	2.7	3.4	3.4	3.2		32	101	34	34	57	15-June: 30-June: tall; 15-July: tall, few leaf edges turning brown; 30-Jul: tall, bees love it, still looks great; 15-Aug: leaves w/bronzing edges, done flowering, sounds great in the wind; 30-Aug: some yellow/orange leaves.
Salvia	Mystic Spires	Blue	BFP		3.6	3.4	3.9	3.7	3.7		10	33	5	12	9	15-June: 30-June: uneven; 15-July: purple, black and green, nice, great flower; 30-Jul: bees love it, great all around; 15-Aug: amazing colors- blue, black, green; 30-Aug: reliably nice, great second flowering.
Sanvitalia		Sunbini	Proven Winners		3.9	4.5	4.2	4.3	4.2		4	1	4	3	1	15-June: nice flower color, needs to fill in space, dry, love it; 30-June: nice color contrast; 15-July: great; 30-Jul: filling in nicely but slowly, amazing, still looks great; 15-Aug: a winner, love this plant, some bolting; 30-Aug: reliably nice, can't get enough of this plant, love it.
Scaevola	Bombay	Light Blue	Goldsmith Seeds		3.4	3.6	3.3	3.4	3.4		26	18	56	35	28	15-June: leggy, sparse ground cover; 30-June: one pink mixed in, lots of flowers, pink comes through; 15-July: still leggy, some color imperfections- one pink; 30-Jul: looking really nice, some pink; 15-Aug: not as nice as Proven Winners, huge, covers everything; 30-Aug: nice late color.
Scaevola	Bombay	Pink	Goldsmith Seeds		3.2	3.0	2.9	3.0	3.0		68	76	114	86	81	15-June: leggy, sparse; 30-June: flowers not prominent; 15-July: still leggy; 30-Jul: color is dull; 15-Aug: not as nice as Proven Winners; 30-Aug: nice late color, lacks contrast.
Scaevola	Whirlwind	Blue	Proven Winners		3.4	3.5	3.4	3.6	3.5		36	26	35	23	23	15-June: leggy; 30-June: much nicer & tidier than scaevola 'New Wonder', looks same as 'New Wonder', odd growth habit; 15-July: still leggy; 30-Jul: looking really nice, same color as scaevola 'New Wonder'; 15-Aug: amazing; 30-Aug: nice late color, less tidy than 'New Wonder'.
Scaevola	Whirlwind	White	Proven Winners		3.1	3.3	3.1	3.2	3.2		103	51	71	59	63	15-June: best of all scaevolans but not great; 30-June: 15-July: best scaevola here, odd growth habit; 30-July: 15-Aug: still looks great, prefer it to blue/purple varieties; 30-Aug: .
Scaevola		New Wonder	Proven Winners		3.4	3.4	3.4	3.4	3.4		35	35	40	36	34	15-June: leggy; 30-June: needs a lot of space, making a slow but steady display; 15-July: still very leggy, lanky; 30-Jul: looking really nice, same color as scaevola 'Blue'; 15-Aug: amazing, some yellowing leaves, filling in nicely; 30-Aug: nice petal color.
Verbena	Ipanema	Silver	S&G		2.6	2.0	2.7	2.4	2.4		152	147	143	155	154	15-June: light purple flowers, leaves browning, dry, needs more water; 30-June: half light & half dark purple, flowers turn pale when old; 15-July: inconsistent bloom color; 30-Jul: loosing flowers, color inconsistent; 15-Aug: done, done flowering, dead flowers detract from foliage, all flowers done; 30-Aug: .
Verbena	Lanai	Bright Pink	Goldsmith Seeds		2.7	2.6	3.3	3.0	2.9		145	107	54	87	106	15-June: 30-June: no petal damage, carpeting habit, cannot see separate plants; 15-July: trailing, could use some more flowers; 30-Jul: only flowering at edges, some plants in group done flowering; 15-Aug: almost done, done flowering, blends in too well with grass/clover, flowers fade to white; 30-Aug: looks good.
Verbena	Lanai	Lavender Star	Goldsmith Seeds		3.4	3.4	3.2	4.6	3.7		25	30	63	2	8	15-June: has potential; 30-June: dense carpet, lots of flowers; 15-July: very nice flower; 30-July: 15-Aug: surprisingly nice still; 30-Aug: needs dead-heading.
Verbena	Lanai	Peach	Goldsmith Seeds		2.5	2.3	2.5	2.4	2.4		154	138	151	158	155	15-June: 30-June: 15-July: 30-Jul: browning from center, two dying plants, major dieback; 15-Aug: 30-Aug: mostly dead, much looks dead.
Verbena	Lanai	Purple W/ Eye	Goldsmith Seeds		3.0	2.9	2.7	2.8	2.9		120	82	141	116	114	15-June: nice flower color; 30-June: lots of petal damage- botrytis, good consistent flowering; 15-July: 30-Jul: needs dead-heading, some dieback; 15-Aug: continues to bloom, not looking good; 30-Aug: too leggy, half dead plant(s), looks dry, nearly dead at base.

Verbena	Lanai	Scarlet	Goldsmith Seeds		2.7	2.9	2.7	2.8	2.8		146	88	142	117	123	15-June: nice floral color; 30-June: no petal damage; 15-July: 30-Jul: plants browning from center, one dead plant, lots of dieback; 15-Aug: still trying; 30-Aug: needs dead-heading, one dead plant, horrible foliage.
Verbena	Rapunzel	Burgundy II	Goldsmith Seeds		2.7	2.3	2.9	2.8	2.7		144	135	108	121	139	15-June: some dead flowers; 30-June: some dead flowers, feathery leaves; 15-July: flowers dropping and not re-blooming; 30-Jul: done flowering, 15-Aug: done flowering; 30-Aug: needs dead-heading.
Verbena	Rapunzel	Violet '06	Goldsmith Seeds		3.0	3.2	2.5	2.9	2.9		114	54	152	109	110	15-June: great color, has potential; 30-June: lots of petal damage- botrytis; 15-July: dropping lots of flowers - not replaced; 30-July: 15-Aug: 30-Aug: needs dead-heading.
Verbena	Superbena	Coral	Proven Winners		3.1	3.2	2.8	3.1	3.1		86	52	136	77	79	15-June: leggy, browning leaves; 30-June: many shades of color, average; 15-July: not the best verbena but OK; 30-Jul: tall, needs dead-heading; 15-Aug: usually floriferous, tall; 30-Aug: needs dead-heading, tall.
Verbena	Tukana	Deep Red	Proven Winners		3.0	3.1	2.8	3.0	3.0		111	61	135	96	95	15-June: some browning leaves; 30-June: 15-July: almost as good as 'Scarlet', 30-July: 15-Aug: some dead foliage, butterflies like it; 30-Aug: .
Verbena	Tukana	Raspberry	Proven Winners		3.2	3.4	3.1	3.3	3.2		83	39	75	50	54	15-June: great flower color; 30-June: a little leggy; 15-July: a few holes; 30-Jul: one dead plant, needs dead-heading; 15-Aug: slowing down; 30-Aug: needs dead-heading.
Verbena	Tukana	Scarlet	Proven Winners		3.1	3.3	3.0	3.3	3.2		91	44	96	49	60	15-June: browning leaves, leggy; 30-June: great, nice flowers, lots of flowers for amount of foliage; 15-July: incredible, absolutely gorgeous; 30-Jul: past their prime, needs dead-heading; 15-Aug: slowing down, almost done flowering, only climbing verbena; 30-Aug: needs dead-heading.
Verbena	Aztec	Red Velvet	BFP		3.5	3.1	3.3	3.2	3.3		21	64	49	58	49	15-June: great already, love it; 30-June: great all around, love it, slow grower; 15-July: seed pods ugly, yellowing leaves; 30-Jul: almost no blooms, covered with slime mold; 15-Aug: triumphant return; 30-Aug: needs dead-heading.
Vinca	Nirvana	Lavender W/Eye	Goldsmith Seeds		2.8	2.7	2.9	2.9	2.8		134	104	127	108	120	15-June: good foliage; 30-June: some yellowing leaves; 15-July: very branching but short, some yellowing leaves; 30-July: 15-Aug: prostrate habit, very low growing; 30-Aug: .
Vinca	Nirvana	Pink Blush	Goldsmith Seeds		2.9	3.0	3.3	3.2	3.1		124	78	47	63	72	15-June: 30-June: nice red eye; 15-July: needs dead-heading, looking good in full sun, 30-Jul: getting stronger, nice flowers; 15-Aug: nice dark eye; 30-Aug: .
Vinca	Nirvana	Violet	Goldsmith Seeds		3.3	3.3	3.3	3.5	3.3		44	48	52	31	41	15-June: very nice; 30-June: dead flowers, not self-cleaning; 15-July: some leaf yellowing, great color but yellowing leaves; 30-Jul: getting stronger, botrytis; 15-Aug: very nice, still beautiful color; 30-Aug: botrytis.
Vinca	Nirvana	White	Goldsmith Seeds		3.0	3.1	3.1	3.3	3.1		119	70	76	53	73	15-June: has potential, very nice plant; 30-June: 15-July: 30-July: 15-Aug: weird prostrate habit, great flowers; 30-Aug: poor.
Vinca	Nirvana Cascade	Shell Pink	Goldsmith Seeds		3.1	3.0	3.0	3.1	3.0		102	75	97	84	86	15-June: 30-June: white eye, looks great; 15-July: very branching but short; 30-Jul: really pink; 15-Aug: prostrate habit, some yellow leaves, flowers wilting; 30-Aug: .
Vinca	Nirvana Cascade	White	Goldsmith Seeds		2.8	3.0	4.8	3.1	3.4		136	77	1	82	30	15-June: 30-June: small plants, nice flowers, does not 'Cascade'; 15-July: 30-July: 15-Aug: prostrate habit; 30-Aug: poor.
Vinca	Pacifica	Burgundy Halo	Pan Am		3.4	3.3	3.4	3.4	3.4		29	49	30	33	35	15-June: nice white eye; 30-June: white eye, nice flowers; 15-July: needs dead-heading, spotted, dried petals, sun bleached; 30-Jul: very striking, botrytis; 15-Aug: nice eye, some brown leaves w/wrinkled edges, great color; 30-Aug: .
Zinnia	Zesty	Lemon	Ball		3.1	3.2	3.2	3.2	3.2		99	58	58	55	61	15-June: yellowing leaf margins, flower color too pale; 30-June: one plant died leaving gap, flower color dull; 15-July: 30-July: 15-Aug: 30-Aug: needs dead-heading.
Zinnia	Zesty	Pink	Ball		3.2	3.5	3.3	3.5	3.4		81	29	44	29	37	15-June: yellowing leaf margins; 30-June: pink like bubble gum; 15-July: 30-Jul: needs dead-heading, great color, love the flower color; 15-Aug: 30-Aug: needs dead-heading, powdery mildew spots on leaves.
Zinnia	Zesty	Scarlet	Ball		3.2	3.5	3.0	3.3	3.3		66	25	95	47	50	15-June: yellowing/browning leaf margins; 30-June: foliage looks strange, nice flowers but browning leaves; 15-July: browning leaves; 30-Jul: needs dead-heading, 15-Aug: shorter than others, great color red; 30-Aug: needs dead-heading, powdery mildew.
Zinnia	Zesty	White	Ball		2.7	2.7	2.9	2.8	2.8		142	103	118	125	125	15-June: greenish cream flower color; 30-June: one 'Lemon' mixed in, greenish/cream flower color; 15-July: greenish/cream colored flowers; 30-Jul: needs dead-heading; 15-Aug: height inconsistencies; 30-Aug: needs dead-heading, lots of powdery mildew.
Zinnia	Zesty	Yellow	Ball		3.2	3.7	3.3	3.6	3.5		64	12	55	19	21	15-June: has potential; 30-June: much better; 15-July: 30-Jul: needs dead-heading, very nice flowers; 15-Aug: great color, not uniform in height; 30-Aug: needs dead-heading.
