## **Crop Insurance Meetings for 2009, Revised**

The New York State Horticultural Society crop insurance meeting schedule has been revised. We are partnering with NYS Ag and Markets to implement a Risk Management Agency (RMA) effort to help educate the industry about existing and new opportunities within the current federal crop insurance programs for your selected commodity. A short presentation will be provided and then we will answer your questions. In order to make the meetings as productive as possible, all crop insurance companies selling crop insurance in NYS have been notified of these meetings and our desire to have them attend. Please see the listing below. If you plan to attend a meeting where a meal can be obtained, please make sure to RSVP. All meals will be paid for by the NY Horticultural Society, not taxpayer dollars. In addition to crop insurance information, Agri-Services Agency will describe government health insurance products available to New Yorkers. ASA was awarded a grant by the NYS Health Foundation to inform farmers and agri-business owners about current NYS government health insurance options.

***SIGN-UP DATE FOR FRUIT CROP INSURANCE IS NOVEMBER 20, 2009***
